TO THE CLASS OF 1969

As the first class to graduate from the Art Institute of Boston, you have a distinction and responsibility unique in our history. As the Fifty-Third class to graduate from the school, you are members of a long tradition. Distinction and tradition are qualities given to you by the school, but more important are the accomplishments you have made as a class and as individuals during the past three years. Your willingness to fulfill the ever increasing requirements for graduation are indications of your ability to accept the challenges and responsibilities of your future careers.

The school has long considered the Alumni Association as an important, integral part of the Institute. I hope that all of you will participate in that organization.

I would also like to call your attention to the services of the Placement Office. This is an excellent facility for finding new positions, or in the future, for hiring young artists.

Finally, my congratulations to you on a job well done, and on behalf of the faculty and administration, an invitation to visit the school in the future.

Sincerely,

William H. Willis
President
