When I first decided to go back East for college, I was nervous about being so far away from home, but also excited. It was a big step coming from California to Boston. I've met so many great people here during my two years of college. I'll never forget lots of them. Threshold was the best program for me, and I've grown a great deal. Believe it or not, I know that I've learned more during my two years of college than I did in high school! But I couldn't have done it if it weren't for my parents. Thank you both for all your love and support. To all of my friends, I'll never forget you. To K.I., J.K., K.K., C.R., C.M., A.S., Stephanie S. thanks for being there. S.S. you're like a sister! And to my fellow graduates in the class of '94, we made it!! Let's go out into the world and show them what we're made of! Good luck next year to the class of '95.

My first year at Threshold I felt scared, and I thought I would not make any friends, but I did. Now, during my second year, I feel better. I would like to thank my mom and dad. Thanks to Cindy R., a good friend, and Marina, who is one of my closest friends. Thanks to grads, Cindy, Windy, Kristyn, Paulette; to Jo and Jen P.; to all the faculty and staff. And a special thanks to DeAnza.

My two years at Threshold have been very special to me. I have learned a lot here. I would especially like to thank Jim Wilbur. He helped me get through the bad times during my first year.

I am very pleased to have been part of the Threshold experience for the last two years. I also wish my friends at Threshold good luck in the future, including Ken, John, Chris, and Keri. I wish the Threshold community success and good luck in the future.

My two years here at Threshold have helped me to become independent as well as make many new friends. I would like to start off by thanking my best friend and roommate, Gary Gondos, for being there in times of need. Also I would like to thank the staff for helping me on the road to independence. Finally, and most importantly, I would like to thank my Mom and Dad for giving me the love and support I needed to get where I am today.

My first two years here at Threshold have been both a job and an adventure. Majoring in child care, I've worked with children ages 2, 3, 4, and 5. The classes that especially met my needs were Applied Life Skills and Independent Living. I'd like to thank my friends, H.W., C.M., and K.L., for making my graduating year exciting. And M.S.D., thanks especially for being there for me when you were needed.

Faith, hope, and love to the class of '95.

Reach for the sky, M.S.D., and have a blast with your second year!

The past two years at Threshold were very beneficial to me. Threshold helped me to become more independent and meet new friends. I would like to thank the friends I made at Lesley and at Threshold. I want to especially thank my roommate, Mike, who was there when I needed some help. Finally, and most importantly, I would like to thank my family who gave me the love and support I needed to become independent.

When I think of Threshold I think of all the lasting friendships that I have had these last two years. I would like to thank the following people: Chris M. for all the great jokes, John L. for all he taught me my first year, and Maureen C. for all the good times we had first semester.

I would like to thank my parents for always being there when I have needed them and for believing in me when I had lost all hope, and to my brother Rick for all those late nights that he stayed up and just talked to me when he may have had better things to do. Also to Beth Gurney who was there when I most needed her.

I would also like to thank my girlfriend, Devin, for giving me the courage to do some of the things I probably wouldn't have done otherwise.

Good luck to the first-year students next year and for life beyond Threshold.

My past two years at Threshold have been an experience! I've made a lot of new friends. I would like to thank Suzanne, Jim, and Arlyn for all their help and support and my parents for all their love and support.

Thanks to all my friends for being there too— Nikki, Cindy, Jen P., Jo, Dave G., Chris S., and Ken. Robyn, it's been fun at work; Jen, it's been fun living together; Alison, thanks for everything; Jen & Chris, good luck in the near future. Greg, thanks for everything!

To all the "first-years", good luck next year! Pick up where we left off!

The past two years at Threshold have been an adventure. I want to thank the staff and all my friends for all their support. To K.I., thanks for being a good (decent) roommate for the last two years. Good luck with G.C. Don't forget the train! Jo, I'll never forget Perkins and the conversations we had on the bus and doing the apartment with you. Good luck in your future. J.P., don't forget Charlie's last year! N.A., we've had our ups and downs but we remained friends. Last Thanksgiving was fun. Don't forget the blackouts when I shouted, "Men!". Thank you, Mom, Dad, and Elyssa, for all your support during all my different schools. Last, but of course not least, Chris S., I'll always love you. Thanks for your caring, support and understanding. I can easily say nothing can tear us apart!

At first Threshold was different from what I expected, but then I got to like it. Threshold taught me a lot and gave me support. I have made some close friends—Robyn, Jim, Jen, Chris, Lori, Dave, and Matt. Heidi, you've been a great roommate and friend, and Dan, we had some great times together! I want to thank my Dad and Mom and Brooke for their love and support.

I must admit that I was a bit nervous when I arrived at Threshold. My first year was a real challenging and learning experience for me. "Life is funny and full of surprises." College is a whole new world waiting for us to explore and find ourselves. I have learned a lot, but I know there's much more that I need to learn and understand to be an independent young woman.

Thank you for your help and for the memories, Jen P., Jen K., Jen W., Gary, Heidi, Kim, Chris M., and Mike B. I'm glad I got to make a whole new group of friends. Thank you, Mom, Dad, and Evan—you were there when I needed you the most!

My two years of Threshold were the best two years of my life. The first year I was scared and nervous about being here with all of these people. But then I got used to it and met a lot of new friends. I want to thank Cindy D., Robyn, Stephanie S. for being there when I was sick and needed a lot of help.

My first year flew by. Then came my second year, and it was already Christmas time. That was scary! The teachers were nice and helpful to me, giving me a lot of support. I thank them a lot! My friend and future roommate, Dan M. was a good and understanding friend to me. Doug and Seth, we had some good times this year!! I love my parents for giving me a chance at this school because it changed my whole life around in a good way!

I am from Kenya, which is in Africa. Being at Threshold has helped me make friends, become more confident and better able to express my thoughts and feelings to other people. Threshold has made a great difference in my life. It has taught me to become independent as an individual. I would like to thank Arlyn, Suzanne, and Jim for being there for me when I needed them.

I have enjoyed my two years here at Threshold. I have grown both socially and academically. The courses have taught me skills for independent living. I would like to thank my family and the staff for all the love and support they have given me, and my friends for the fun times and support. I'm glad I got to where I am today!

I say goodbye to the best two years of my life. Threshold meant a lot to me, and I will miss it. I give special thanks to Jo, Rachel, Mike, Heidi and Kim for helping me through the tough parts of life. And for the rest of my friends (and you know who you are), good luck and goodbye!

Thanks, Mom and Dad!!

When I first came to Threshold, I felt very homesick and scared. Now I am very happy to be here, and I don't want to ever leave! Now that I am in my second year, I feel so much better about myself. Thanks to Nikki, Ann, Keri, Jen P., and Heidi for all sticking by me through the good times and the bad; to Carolyn, Jen K., Kim, and Lena for being there for me. To my close alum friend, Andy Hochler; and a very special thanks to Suzanne Posthill, who is one of my excellent friends. I will never forget her. Arlyn taught me very well, and I learned that you should never let anyone take advantage of you. Jim, thanks mainly for just being there. Thanks to Jules, Julia, Marina and all of the staff. Martha and Jane will always remain #1. You all have been an inspiration to me! I would like to say a special thanks to Mom and Dad for sticking by me and believing in me and for all their love, support and understanding. Good luck to all the "first-years"!

When I think of Threshold, one word comes to mind— busy. I never thought that one day could be filled with so many important courses that are necessary to live on your own. Enough of the academic life; now to the friendships that have formed at Threshold. Devin, I will never forget our late-night talks when wake-up time was 6:00 a.m. the next day. You are the only sister that has been adopted into my family by words. Michael, Ann, Lynn, Tracy, and Jen, thanks for all your kind words in bad times.

Special thank-you to the following people—Mom, brothers, sisters, brother- and sisters-in-law for all your encouragement and sound advice in the hard times that I have encountered over the past two years. Good-bye, off to a different path, wherever it may take me!

The Threshold Program has been a rewarding experience, filled with goals and achievements. I remember last year the going got a little rough since it was my first time away from home and making friends. But I'd like to thank the friends I did make, who stuck by me and were there for me, K.I., K.K., G.C., and M.B.. Last, but not least, to J.K., thank you for all those exciting moments and for always staying by my side.

I'd also like to thank all of the teachers, especially Bonnie, Barbara, and, of course, Arlyn, who was always there and gave me the self-confidence I needed.

Finally, thanks Mom and Dad for giving me this opportunity to grow more into adulthood and for always listening to me. I love you!

Best of luck to the class of 1995! Well, as Porky Pig's famous words go, "That's all folks!"

I think coming to Threshold has to be one of the best decisions that both my parents and I have made. Even though I came in as a second-year student, I have enjoyed both the classes and the easiness of making new friends. I have enjoyed my clerical major to a great extent, and my worksite has been the best place to learn new things. I would like to thank Jim and Suzanne for giving me the opportunity of coming to Threshold. I would also like to thank my parents for allowing me to finally go to Threshold. I would like to thank all of the great friends that I have made here, such as my Endicott sis (you know who you are); Keri, for all of our talks and good laughs; and K.K. and G.C., for allowing me the chance to sleep. Good luck to everyone!

When I first came here to Threshold, I thought I would not meet any friends. I did make many Threshold friends. I would like to thank the two most important people in my life, my mother and father, for all their support. To Jim and Arlyn, you're the greatest people in the whole world! To the class of '95, live this time to the fullest, it will be gone soon.

When I first came to Threshold, I was nervous and not sure if Boston was the best place for me. It seemed so far away from West Virginia. But with help and support from staff and my friends, I began to feel at home up here in Boston.

I would like to thank Carolyn for all the great times we had together and especially the fun we had during the very first snow storm. To Dave, you have been wonderful—keep up the great jokes. Lynn, thanks for all that you have done. As for the rest of my friends, so long as we keep in touch, we will not have to say good-bye.

In addition I would really like to take the time to thank my parents and wonderful sister Suzanne for all that they have done through the years.

GOOD LUCK TO ALL!

When I first came to Threshold, I was nervous and excited at the same time. I met some second-year students who helped me feel more comfortable in the program. Now I'm a "second-year" here and I'm not so nervous! I have learned that I can ask others beside my parents for help.

The staff here have been a great help, especially Jim, who has made me realize that sometimes I can solve my problems without getting real stressed out. My friends have been a great help too.

I would like to thank my parents for giving me the opportunity to further my education by coming to Threshold. I'd also like to thank my brother Stephen for believing in me. I really love you guys!

Good luck to the graduates and the second-year students!

Lesley College's Threshold Program has taught me a lot of independence skills, both in and out of classes. I feel these two years have been well worth it.

I would like to thank my parents for all their love and support and the staff for all their help and guidance.

Throughout the past two years I have made some really close friends—Robyn, Lori, Dan, Jim, Jen, David, Matt and Corinne. We've had some spectacular times together! Kim, you have been the best friend and roommate. You guys are great friends, and you all mean so much to me. Marina, thanks for always being there—I consider you a good friend, not just an RA.

I will miss being at Threshold next year. Thanks for all the good times!

Threshold is a great program for young people with learning disabilities. When I found out about Threshold, I was very happy. When I came up, I was very surprised to see what this program was all about. I am now a second-year student, and I feel that I have improved since last year. I would like to thank my parents and my principal at my high school and my teachers because without their help I would be lost.
