LESLEY COLLEGE

29 EVERETT STREET CAMBRIDGE 38, MASS.

HERE is the log of the long journey we have made to gain our objective. Just as the "fortyniners" of a century ago fought and struggled westward for their objective, we have now arrived at the end of our trail.

This log, like the logs of the trains of prairie schooners that rumbled across our country a hundred years ago, cannot possibly contain all of the happenings of the journey, but you will find the milestones entered faithfully.

Here are entered the adventures encountered by our wagon train from the first uneasy days at Lesley, when we were all strangers, to the end of the trail where we must now sadly part and go our separate ways.

These pages help recall the scouts who blazed our paths and guided us to our destination, the wagon bosses who acted as our leaders, and the many fine friends we made during the journey.

To make the trip happier and easier, the wagon trains were often organized in groups in order to perform the many necessary chores and at the same time boost the morale of the pioneers. Our clubs and organizations have served the same purpose and have helped to keep our cooperative spirit at a peak throughout our travels.

Our forebearers, the forty-niners, sought a variety of things but it was principally the prospect of finding that precious metal - gold - that lured them onward. Our journey, however, was made in search of something more valuable, even than gold, - knowledge.

Now at graduation, the great and glorious destination of our trip, we can all honestly feel that our adventures were not in vain; we can all be proud that we have achieved our goal; and we can shout to the world, "Eureka!"

Our faithful guide throughout these years, we give our thanks, for her endless patience, willingness to help and ever-ready wit. We wish to express our appreciation for the nuggets of knowledge she has added to our pot of gold.

Off to a good start

Any prospects?

ENTERED into this log are some of the many settings which have helped us to achieve our goal.

This is where, a few years ago, we started prospecting for the golden knowledge that we have now found.

In our stay here at this campsite we have become familiar with many things. Let us not forget the sight of the campus covered with snow and also the laughter of the girls as they amble to and fro. All the wonderful memories of Lesley are preserved in these pictures. Glance through and in so doing remember our journey to find the pot of gold and knowledge it holds. Cherish these memories – they are your passport into the life of the "forty-niners."

> Now here we are sliding quickly away from them, our arms outstretched toward that great pot of gold – our future – never to forget Lesley and our "Guiding Lights."

Our Officers

President – Norma Perkins Secretary – Eleanor Williams Vice-President – Jean MacKinnon Treasurer – Leona Goodwin

Here are the ladies who have been the leaders of the "forty-niners" through our final rush. Norma Perkins, as our President, has done her job with the industry and energy that only Norma does have. Holding more than just a second place is our Vice-President, Jean MacKinnon.

Eleanor Williams' secretarial efficiency has proven to us that without her thoughtful management we would not have made our stake. To Leona Goodwin we turn with gratitude for the capability she has so obviously shown in handling the financial matters.

Due to the efforts of these leaders and the co-operation o_{\cdot}^{c} the miners, this venture of '49 is one not easy to forget.

SENIOR CLASS HISTORY

REMEMBER when the caravan first started at Lesley, how strange, awkward and ambitious we felt. But the warm greetings of our senior sisters and faculty at the registration tea soon started us on our way toward the pot of gold.

It wasn't long before we realized all too well that we were college freshmen and completely at the mercy of the seniors. Freshman Week and Senior Court held many a hair-raising experience. With these events and the election of our first class officers, we began four of the most exciting and revealing years of our lives.

New clubs were organized. Among them were the different religious clubs, the Outing Club, and the Penguin Club.

The Penguin Club held its first dance, which proved to be a huge success, and a tradition for ever more. Having such success behind them, on St. Patrick's Day the freshman class held its formal in the gaily decorated auditorium.

It was June at last and with our goodbyes we recalled around the campfire all the year's events. Yes, we remembered those mid-year blues, the '49'ers strike, and the fear of our final exams.

With September freshness, we gaily blazed our way back to Lesley with an air of confidence and defiance. We were Sophomores! Many changes had been made. A new biology lab, a new lounge for the commuters, a new dining room for the "dormies," and the dormitory on Hammond Street were added. Also, Home Economics was dropped from the curriculum.

It was during this year that the Art Club and International Relations Club were formed. In the Spring the Student Council changed its name to the Student Government taking on added duties.

Our "Snow Ball" formal held at the Commander Hotel was a tremendous success along with the many Square Dances and Acquaintance Dances held at school. With

the coming of June, as a vacation from finals, we had our class picnic at Fav's.

As Juniors, we began our student teaching. Most of our time was spent comparing notes and in deep conferences with Miss O'Connor who graciously listened to all our woes and gave us strength to go on. After our Christmas holidays we once more set out on our travels. This time, however, we had more confidence and were in better spirits. Dean Thurber and Miss O'Connor, standing behind us as always, arranged for the first "Open House." Partly responsible for our feeling of confidence was the success of our "Sweetheart" formal held at the Continental Hotel, and another class picnic.

More changes occurred at Lesley. The new dorms, Gray and Mellen were added. The art room was renovated and the Handbook, together with the activity fee, became a part of our setup.

"Step-Up" brought up a consciousness that the greater part of our four years was over and we had but one more year to prove ourselves and attain our goal.

As Seniors we tried hard to accomplish our ends. With our caps and gowns the dignity and precariousness of our position became evident. Our Freshman Week had a new slant and thus was called Cleanliness Week. We terminated our three semesters of practice teaching with satisfaction and our eyes looking to the future when we would have a class of our own.

When we think of our senior year we can't forget "Who is Harry?", the first term paper for Dr. Crockett, and the Alumni tea. And, of course, Senior Week is never to be forgotten with its fun, Rose Walk, Step-Up, and Class Day.

With Commencement came a feeling of joy and anxiety, and yet a sadness that we were leaving Lesley after four wonderful years. As the years go on, memories may begin to fade, but the class of '49 will continue to live on – four never to be forgotten vears.

Secretary – MARY LOU ELLIS . Treasurer - RUTH EDGERLY

Here are the officers who guided the terminal miners of the gold rush. Margretta Lawton, leading lady of the miners, has proven her ability to be worthy of the role she has held. Sally Adams, our vice-president, is next deserving in our mine.

Mary Lou Ellis, our secretary, has aided the miners with reports of the day. Also proven her capabilities, that of weighing our gold, is our treasurer, Ruth Edgerly.

Each of these leading miners has made our trip a memory. However, without the cooperation of our class miners this could have been achieved.

Rufina is as short as a minute, but to us counts twice as much. She measures her happiness in candy bars and immensely enjoys the Harvard atmosphere. She upholds the tradition "good things come in small packages." We wish her much success in her teaching career.

Now that we have come to the end of our ning for the cast and audience was very college life it is most difficult for us to re-Wednesday, September 23, 1947, as "green freshmen." The majority of us were here to begin a new life, that of being a college girl.

Our classes began the following day, and soon we were found buried deep in thought with our sciences and arts. However, along with our studies, we had several memorable social events.

Our first all-college function was a tea which we attended with our senior sisters the afternoon of our arrival. There we met many new people, including the faculty members, housemothers, and future college mates.

Perhaps the most vivid of our memories during the year is that of "freshmen week," when we were most conspicious wandering around the campus adorned in socks, heels, braids tied with balloons, knee length pants, jersevs, and ties - all to please the seniors. We can still hear the refrain of "Boots" saving, "Wipe that smile off your face!" as we marched around doing various stunts.

The excitement of "freshmen week" was soon ended, and by this time we were well enough acquainted with our classmates to elect our class officers for the year. We elected Patricia Hall as our President; Ruth Baker, Vice-President; Frances Sakumoto, Secretary; and Jean Hoffman, Treasurer. Mary Lou Ellis was S.G.A. representative. We were most fortunate to have as our class advisor, Dr. Ruth Mackave who assisted and guided us most helpfully throughout the year.

Our major event in which the most of the freshmen class participated was the "Freshman Talent Show." This event. which besides providing a hilarious eve-

successful financially and the funds were member when we, as commuters and dorm used for another important social function, students, arrived here at Lesley College on our Freshman Prom. When this longawaited night of March twentieth finally came, many happy and excited girls and their dates arrived at their destination the Kenmore Hotel. The memory of this happy and successful prom will long be in the minds of many.

> Spring was here, and with it came vacation. However, upon our return, we busied ourselves with preparation for the final exams. June third arrived and we realized that our freshman year at college was over and it was time for each of us to say goodbye and to return to our homes for the summer vacation.

> On September 23, 1948, we returned to Lesley to complete our last year of college. Our class officers were Margretta Lawton, President; Sally Adams, Vice-President; Ruth Edgerly, Secretary; Mary Lou Ellis, Treasurer; and Jackie Vaughn, S.G.A. Representative. Miss Dorothy Sharples, who was indeed most efficient and helpful, was our class advisor during the year.

> During the first semester, the weekend of December tenth, along with our studies, we had two outstanding social events, a talent show and the prom. These were both as successful as those in the previous vear.

> The beginning of the second semester introduced to us an important feature of our college days. Our first day of practice teaching will long be remembered by all of us. Practice teaching, studies, and our college days were soon to be over. During the last week, with graduation, the banquet, and prom in mind, we were excited and happy and vet somewhat sad, for on June 5, 1949, when we received our diplomas, we left our memorable college days behind us to face the new and different life which lay ahead of us.

LOYAL LESLEY DAUGHTERS

Words and Music by TRENTWELL MASON WHITE

Loval Lesley daughters Rise in chorus. Lift our voices joyously. Thus we sing our Foster mother's glories For the days that are to be. Happy friends made here We'll long hold dear -True companions since we met. With such love to guide us, Lesley, we shall not forget. Loval Lesley daughters Stand and praise her, Hail her splendid history. As the years go by They build a tie, Linking every memory. Pledge we now our Alma Mater's future -All our hearts in constancy. Lesley's name shall ever Spur us to endeavor Honors new to bring to thee.

THE Juniors, Sophomores, and Freshmen have been indispensable in this project. Without their companionship the final milestone of this adventure could not have been recorded.

Now that the Seniors have struck "paydirt" and are ready to move on and to make use of the fruits of their labors, the Juniors realize that with just a little more perseverance they too can achieve their goal. With the formal ceremony of "Step-Up," they officially assume the coveted responsibilities and privileges of leaders in this Lesley settlement.

Just at the half-way mark are the Sophomores. As they look back on the adventures of the past two years, they glance ahead with renewed courage and hope, eager to go on with this experience.

The Freshmen, too, are now veterans with a year behind them, and will be able to guide the new miners as they arrive at our camp – good old Lesley.

As we leave to try new sites with the knowledge we have found here, we can all be sure that Lesley is in safe hands and will continue to thrive and prosper.

Junior Class

President, ELIZABETH CORCORAN Vice-President, MARJORIE CREE Secretary, ELEANOR CARTER Treasurer, LOIS BERK

The Junior Class began the year with fears and qualms about student teaching, but now with the Junior year at an end all seem to have conquered their fears and are ready to take their place as seniors.

The Junior Prom, held on February 26, at the Hotel Somerset was the affair of the year, at least to the Juniors. Guy Ormandy's orchestra supplied appropriate music.

Junior Week End was held in May, which was the last festivity for our Junior year.

Farewell to the graduation class of '49, and our best wishes for success throughout the coming years.

Sophomore Degree Class

President, BARBARA LE MAY Vice-President, JOANNE SPRINGER Secretary, VIRGINIA EGAN Treasurer, JANE HASTIE

When September came by, we, as Sophomores Degrees, found ourselves on our way. At the class meetings in early fall, discussions were held towards our Sophomore Weekend, with the Terminals, in December. It consisted of a musical comedy, "Around the Town," and was held in the Auditorium on December tenth. It was under the able direction of Barbara Stevens and Patricia Thompson. The following night was a big night for all. It was our "Snowball Formal," held at the Hotel Beaconsfield with music by Guy Ormandy. The plans for this event were under the direction of Virginia Egan and Patricia Hall. We now are looking forward to our next two years of fun and everlasting memories of Lesley. We extend our best wishes and luck to the girls of the Terminal Class who entered with us as Freshmen and are now graduating.

Freshman Class

President, EILEEN DECASTRO Vice-President, BRENDA GOREY - president Secretary, JUDITH SANBORN Treasurer, JANE BRADY

On September 23, about eighty curious and wondering freshmen entered Lesley's campus, looking frantically for their "Big Sister's." That afternoon they welcomed the opportunity of meeting the faculty at the opening convocation.

Anxiously and perhaps a little fearfully, the freshmen awaited "Freshman Week;" but when the time came, they found that the Seniors were not quite as "tough" as they might have been.

Soon after their initiation into Lesley, the freshman class officers were elected. Big plans were made for the Freshman Prom and other activities which turned out very successfully.

The Lesley Freshmen extend their best wishes for a bright and happy future to the graduating class of 1949!

As in any typical mining town where people of many tastes and interests came together, here at Lesley Camp we, too, are a group who have individual preferences. And, it is through our clubs that we have the opportunity to express ourselves and to develop our varying talents and ambitions.

Our clubs are many and diversified ranging from the serious and intellectual types to those where artistic talent is the keynote. Whatever their special purpose, they have one goal in mind - that of making our college life more complete.

Through these organizations we gain specific knowledge in the fields of our particular choice, and at the same time we are afforded an opportunity to know our fellow classmates more intimately as we participate in the informal discussions and social activities.

In our long search for the treasure of knowledge, we do recognize the important part that these extra-curricular activities have played in developing long-lasting friendships, in cultivating among us the spirit of working together, and in making our stay at Lesley one of happy memories.

Student Government Association

President, VIRGINIA WOODBURY Vice-President, JANE DUFFY Secretary, BARBARA STEVENS Treasurer, JACQULYN VAUGHN Court Judge, NORMA PERKINS

In its second successful year, the Student Government Association at Lesley College has proven itself a capable and well-organized association. Under the excellent leadership of Virginia Woodbury, the government has made great strides this year toward inter-collegiate relationships. Many meetings have been held with surrounding colleges which were successful, interesting, and helpful to all students of the various colleges represented.

The social events promoted by the Student Government throughout the year have included many memorable affairs.

The Acquaintance Dances were very popular and enabled the student body to meet students of other surrounding colleges and universities.

At Christmas time, the Annual Children's Party brought joy and happiness to needy children of Boston.

All functions of the Government have been directed by Ginny Woodbury. Her capable and pleasant guidance deserves the highest honors. She has won the admiration and respect of the entire college.

Each member of the Government sends her gratitude to Dean Thurber for her constant help as a friend and advisor.

Dramatic Club

President, ELEANOR CARTER Vice-President, IRENE PITSILADIS Treasurer, DOROTHY KONIARES Secretary, JEAN COGAN

Last year, the Dramatic Club proudly welcomed Mrs. Nina Wentworth as their guide and director. Although not in the stage lights, her name is brightly lighted in the hearts of every girl who has ever worked under her. She has lent her knowledge of the theater to make dramatics interesting, inspiring, and challenging to every member of the club.

In the Spring, a three act comedy, "The Seven Sisters," was presented at Peabody Playhouse. The exasperated "Mama" who tried successfully to marry off her daughters was played by Irene Pitsiladis, while her incorrigible daughter, Mitzi, was played by Jackie Vaughn.

In the fall of this year "Double Date" was presented starring Mary Pat O'Brien and Lois Hanlon.

Special tribute is due to Irene Pitsiladis who has been a club member for four years. During that time she has exercised her leadership and her dramatic talent on many occasions.

We are all fortunate to be, through the efforts of Irene, affiliated with the Delta Psi Omega fraternity. Members eligible for initiation are Fay Arnold, Sue Stetson, Helen Zafferes, Regina Winn, Eleanor Carter, Pat Hall, and Mary P. O'Brien.

Glee Club

President, LORRAINE DAVENPORT Secretary, JUSTINE FRANKLIN Treasurer, SHIRLEY MISHNER Librarian, MARGUERITE SHAMON Accompanist, EDITH Ross

Should you pass by the Auditorium on Tuesday at 1:30, you would pause a moment to hear the golden voices of the Glee Club, blending together in preparation for their many presentations.

The Club's busy program includes singing at numerous college functions, radio engagements, and the annual concert in April. New music has been secured, which will add to the repertoire.

This year, some changes have occurred. Lorraine Davenport has retired from the piano bench, having faithfully accompanied the club for the past three years. She is now our able Club President and has joined the chorus.

During the past four years, such faithful members as "Sunnie" Strout, Norma Perkins and Jane Spaulding have been an asset to the club. Priscilla Pearson has also proved her talent as a fine soloist. These girls will always be remembered for their fine work and co-operation.

We have much talent among the undergraduates. Phyllis Angell has pleased us with her many solos. Edith Ross is a talented pianist, and we are very fortunate in having her as our club accompanist. We always look forward to hearing Marguerite Shamon, Justine Franklin and Dorothy Saltsgaver sing.

Our director, Mrs. Margery Bouma, is a most understanding friend and a patient guide. We will always hold dear her tireless efforts for our benefit and enjoyment.

Outing Club

President, ELISABETH SNEDEKER Vice-President, PATRICIA THOMPSON Secretary, CATHERINE MEEHAN Treasurer, DORCAS REEVES

The Outing Club, a member of the Intercollegiate Outing Club Association of New England, made gala plans for activities for the 1948-1949 season at the first meetings of the year. Such activities included hay and sleigh rides, skating parties, hiking and biking trips, ski weekends, horseback riding, and square dances.

Our first havride will always be remembered! The fun and laughter which our members had at the square dance will never be forgotten. We have oh, so many memories - that bike trip in the spring, the outdoor skating party on that freezing February night, and the horseback riding on those endless but beautiful trails!

Fellow Outing Clubs also kept us busy with varied and interesting activities.

This year a Council was formed which had meetings every other week to discuss plans for our many activities. Two girls representing each class were elected to the Council and they, along with the officers, relayed the plans to the other members of the Club at monthly meetings. This new system proved to be very successful.

To insure the success of the various undertakings of the Club, we were most fortunate in having Mrs. Smith as our advisor for the year.

We want our Outing Club to grow in the coming years, and we feel that it will because of the wonderful loyal support which all of its members will give.

Art Club

President, PAT CRONIN Vice-President, ANN STRUZZIERY Secretary, SUE LINSLEY Treasurer, SUE STETSON

On November 1, 1948, the Art Club began its second year of existence. It has been meeting every week in order to make many interesting plans and to try to carry them out.

To expand its amount of supplies, a new pottery kit was added to the club this year. It has helped to take care of the many needs of the members.

The purpose of the club is to serve as an adequate outlet for creative activity and also for appreciation of art in its higher forms.

With the assistance of Professor Sharples and our president, Pat Cronin, we have been able to accomplish many of our aims, and to these people we owe our thanks and appreciation.

Hillel Club

President, HARRIET SEIGAL Vice-President, RUBYLEE RAPHEL Secretary, DORIS SLOBODKIN Treasurer, LITA LEVY

The well-rounded cultural and religious program of our Hillel Club is one that encourages both interfaith and intercultural activities.

The club is under the supervision of Rabbi L. Zigmond and is affiliated with the Harvard, Radcliffe, M.I.T. Hillel Foundation, of which he is director.

Our meetings are presided over by our capable President, Harriet Seigal. Reports of the previous meetings are read by our Secretary, Doris Slobodkin, and our financial statements are prepared by our treasurer, Lita Levy. Billie Raphel, our Vice-President, is always on hand to substitute for the President if the need should arise.

At our meetings we often have guest speakers who keep us informed on current Jewish affairs.

Our club is affiliated with the Interfaith Council and some of the girls are doing projects for this organization.

Making money for the purpose of decorating the Lesley Music Room at Hillel House on Bryant Street in Cambridge has been one of our objectives. This home is at our disposal, and it is there that numerous social and educational activities of the Hillel Club are carried on.

Our Hillel has always kept in mind the fact that not only are we a member of a nationwide organization but also that we are a representative of Leslev College. In doing so we have worked with the other religious clubs, always keeping the interests of the college at heart.

International Relations Club

President, POLLY KISLEY Vice-President, ALICE COYLE Secretary, BERIT BIELLAND Treasurer, RUTH EDGERLY Program Chairman, MARGUERITE SHAMON

During the school year a new organization, the Lesley International Relations Club was formed. Colleges have fostered such organizations whose membership number not only students from foreign countries but local students, all working to develop a closer relationship with these foreign students and bringing home to them the many advantages of American education.

The International Relations Club of Lesley College, of Regis College and of The Garland School are now represented by one member on an International Relations Council who this year is a Regis College student.

The headquarters of the International Relations Clubs is at No. 5 Philips Place, Cambridge, under the supervision of Mr. and Mrs. Meade.

The Lesley International Relations Club meets on the second and fourth Thursday of each month.

The Lesley International Relations Club owes much of its progress to the interest and generous co-operation of Miss DeLuca, a member of our faculty, whose wise guidance and counsel assures us of continued and constructive achievements in the future.

The Student Christian Movement

Newman Club

President, ALYCE QUINLAN Vice-President, JANE SULLIVAN Secretary, JOAN SULLIVAN Treasurer, MARY PAT O'BRIEN

Our purpose is to foster the spiritual, educational, and social life of Catholic students at Lesley College. Our chaplain for this year was Father Leonard Feeney, Society of Jesus; and our faculty advisor, Dr. Ruth C. Mackaye.

In the fall of 1948 the Newman Club of Lesley College joined the Newman Club Federation. Once a month Lesley delegates attended the Federation meetings held at colleges outside of Boston and reported back to the Lesley group matters discussed and voted upon at these monthly meetings.

A special meeting was held in December at Saint Benedict's Catholic Youth Center in Harvard Square, a meeting place for all Catholic college students.

A Communion Breakfast opened the new year of 1949. Many visiting speakers addressed the students at the Newman Club meetings.

We feel that our purpose has been accomplished and hope that similar success will follow in future years.

President, MARJORIE CREE Vice-President, ANNE DERBY Secretary, POLLY KISLEY Treasurer, MARILYN WHITTAKER

The Lesley College Student Christian Movement has been in existence for the past four years. Each year our Club has expanded, and this year we had the largest membership and attendance ever.

This year the S.C.M. was a member of the Harvard Square Interfaith Council.

The New England Regional Conference for Presidents and Vice-Presidents of all Christian Associations was held at Lesley College in October.

We have had many interesting speakers, one being a member of our club, Berit Bjelland, who spoke on her home in Norway.

At Christmas time we invited a group of children from a Cambridge Settlement house for a Christmas Party. It was held at the College with presents and refreshments for the children and fun for all.

Our group once more made its contribution to the World Student Service Fund.

This year we had as our faculty advisor, Mrs. Seaboyer, whose interest and enthusiasm helped to make our club a worthwhile organization of Leslev College.

What girl who is a commuter at Lesley can forget the Penguin Club that is located in the commuter's lounge?

I am sure we will always remember the successful Harvest Dance on November 21 at the Princess Ballroom where we danced to the music of Guy Ormandy.

Christmas came too soon for all of us and the party in the Commuter's lounge was a very gay affair. Lee Lawless dressed as Santa and distributed gifts to all our guests. The cake and cookies brought in by the girls and the singing of Christmas carols completed a grand evening.

Our annual banquet in April concluded the year's activities with the election of new officers. This banquet is a "must" for all loyal Penguins and is cne sparkling with fun and excitement.

Much of the credit for a successful year goes to our loval advisor, Mrs. Seaboyer, whom all Penguins fondly admire.

Lantern

"The Lantern" is the fortnightly college newspaper which is written for and by the students of Lesley College. It brings to its subscribers those things which are of importance in Cambridge and Boston along with information about college activities and alumnae events. Special features and columns are designed to meet every girl's interest.

This year our paper joined the Inter-Collegiate Press Association, thereby benefiting the students and raising our once small mimeographed monthly to a current four-page professionally printed newspaper. Under the guidance of Dr. Atkins, our advisor, and the encouragement given us by the College, we have tried to maintain their high standards. Certainly they have enabled us to produce an organization which is fast becoming one of the most superior on the campus.

Lee McClellan is Editor-in-Chief and Roberta Sibor is acting Managing Editor. Both girls have been with the paper four years. The staff consists of capable girls in the advertising and rewrite offices. Those with a quick ear for the news are the priceless reporters who win the honors for any good publication.

We hope that our paper will continue in its success.

"LES"

This is "Les," our college mascot. He was originated by Jane Spaulding and dedicated to the class of 1949.

As the long trek through life has gone onward we chose as our campsite historic Cambridge. Here we stopped to repair and strengthen the knowledge gained on the first leg of our journey and to prepare for the final trip.

Our settlement located near Harvard Yard is composed of six dormitories. The hum and bustle of any busy little community is strengthened by familiar voices as many of our commuting companions come each day from surrounding towns both to gain and impart knowledge.

Both love and understanding are shown to each person who lives in our camp by the House Mothers, all found to be "pillars of strength" in a time of need.

Our social life is composed of smokers, card games, dates and acquaintance dances and each one has a definite part in making our stay in the camp a very merry one.

We shall never forget our stay in Lesley for it has played an important part in building our character, increasing our knowledge, and giving us several very enjoyable years of life.

"Hey you kids, it's time for a house meeting!" These wise words and insistent tones come from Goody, our president, and "31" is again caught in a whirl of activity.

In the smoker there is a game going on and it's NOT bridge! - The fashion this year is "Hearts" - Sylvia just "shot the moon." While the cards are being dealt, Bert and Duffy can be seen knitting madly on argyles; Norma manages to get the fluffiest varn balls out of wool "life-savers" and Nickie really makes those angora sweaters!

"The phone --- ahhh ---. Oh, wouldn't you know --- hey Pit --- 'phone!"

If you're wondering how we save on our electricity bill just look at the light on the "third finger, left hand" of Goody, Sue and Chickie. Don't mention DIAMOND around here - it's catching!

In the third floor tower room you will find the Higginson Snack Bar run by Cecile, Dottie and Sally, and speaking of food - "What's for supper, Pris?" Call Lee for supper – oh – she's at the cafe having a "cup."

If you're planning a big week-end trip to Ithica or Hanover just ask Stevie or Enie, they seem to know the train schedules QUITE well.

The gal who gets all the mail is Betty. Tell us Bett, what's the secret of your success?

Here comes Ginny back from a ride in that beau-ti-ful black Buick.

And to complete our fold is our wonderful Mrs. Court, who makes coffee to beat all coffee-makers and who acts out hilarious charades.

The five little Peppers at Everett Hall Was the name given to us by Miss Schaedel, Because we are peppy - it has been seen -What else, with our skit - remember Halloween? We walked off with second prize in our hand As a result of our own "high-classed" band. The faculty and house-mothers we do thank For the cards we now use to play Russian Bank.

The whole house is transfers, Juniors but one, And between "butts" and chatter, we get our work done. Never a dull moment, the infirmary at our side, What with Gaffney and Schaedel, we happily abide. The telephone rings and for whom can it be? Lois, Martha, Corinne, Norma, or Marie? We have lots of fun and a serious side, too, So here's hoping, Lesley, that we live up to you.

Oxford Hall

President, DORIS BLOOD Vice-President, EDNA DUCHIN Secretary, SHIRLEY COLMER Treasurer, ANN PERKINS

In September, thirty-two lively students moved into Oxford Hall of Lesley to be greeted by Mrs. Seaboyer their house-mother.

The days passed bringing the girls closer together in a round of parties and other activities. Open house for the freshman commuters was a highlight of those first days. Of equal interest was the Christmas party introducing Lillian Wheaton as Santa who distributed humorous gifts to the girls gathered around the Christmas tree.

Forty-nine Oxford is especially proud of having in their midst two girls from foreign countries and others from out of state. Diana Yen of China and Berit Bjelland from Norway entertained us with stories from their countries while the girls from Ohio, West Virginia, Connecticut, Maine, New Hampshire, New Jersey, New York and Rhode Island tell us fascinating stories from our own United States.

Forty-nine will be lovingly remembered by the girls who called it home in 1949.

Hammond Hall

President, JEAN HOFFMAN Vice-President, PATRICIA THOMPSON Secretary, MARJORIE BEHRENS Treasurer, JEAN COLE

Hammond Hall started the year with the various personalities shining forth. Jean Hoffman, our President was made weary from the start by trying to catch everyone at the same time for house meetings. She employed Pat Thompson who tried to help her in this task. Because of the great confusion at house meetings and the various subjects discussed Marge Behrens found it difficult to write her secretary's report. Jean Cole, however, kept her worries of bookkeeping to a minimum. Between wisdom teeth and the song "Anizey," Lulu immediately made herself an individual among us. Wendy took great delight in teasing everyone, especially Lulu. Hilda lost none of her ability to say the right thing at the wrong time, and so continued to keep the atmosphere merry with her ever classic remarks while Joyce remained sedate and patient in spite of the influence of the past two years.

Gretta and Marge kept themselves busy reading the letters with which the poor mailman was laden down. In opposition Ruth claimed that the post office witheld her mail. The two knitting experts, Elinor and Phyllis, calmly quieted all excited females who found mistakes in their knitting. At the time of the Talent Show, "Bobby" was in an equal panic and seemed to disturb "Jackie's" slumber in an effort to establish ideas.

Last but not least is our house director, Mrs. Baltzell. She has given us a lot of fun and proved to be a good friend to all.

"66" is the dormitory of the "Jolly Juniors." Each girl has added some spice 72 to the dorm and we shall all remember them as:

(Nancy Squatrito and her unpredictable laugh.) Nat Walsh as our exclusive New York model from Bests. Elly Coombs as the authority on all matters. Louise Hatch - our hypnotist. Barb Brown as the Staff Sergeant at the 7:00 A.M. drill. Miriam Chorney as "the fire chief that did it!" Joy Maker - another grand slam. Ellie Casey's red plaid bathrobe. Helen Banks as the walking apothecary. Susan Linsley's first trip home to New Jersey. Ann Halloran for her "smooth" tam o'shanters, terrific vocabulary, and highly polished brogues. Barbara Enegren signing all our telephone messages. Barbara Barron, "Where are we bound for, Yale, Rutgers, B.C., Harvard or - Revere?" And of course our house director, Mrs. Barnes, for her guidance and inspiring ideas for our Art courses.

Mellen Hall

Ladies of Lesley:

I come before you for the sole purpose of telling you why Mellen Hall is the best hall of all. It has no outstanding feature such as being the oldest or even the most recently painted, but Mellen is famous for the girls that call her "home."

There's Mary Brady with a solid beat And a pretty blonde called Barbara Street.

Bill and Phyl, who's called Mollov; These two sure are our pride and joy.

Arlene Keshian, who caught that mouse, And Robin Beckwith live at our house.

Elaine Blanchard, who's from Presque Isle, And Patsy Haddon for whom the boys dial.

One swell girl, that's Janet Bean, And Nancy Keefe who's really keen.

Margie Collins from Tennessee, Norma Freeman, that's just me.

much love

Shirley Marsh, full of laughter; Janet McDevitt, we'll remember ever after.

Peggy Scholar, head of Mellen Hall, And Carolyn Arne, friend of all.

And last, but not least, we'll never forget The best housemother we've ever met. Mrs. Colwell's been such a wonderful mother; We like her better than any other.

Now that we've come to the end of the year We hold our housemates very dear. And so I feel with all the rest That Mellen Hall is the very best.

S T R I K E S

Soon the proms, dances and the "Step-Up" ceremony all will become a fond memory, a memory that will not fade but will become stronger with the passing of time. To remind you of each happy event shared together is impossible, but in the following pages through the medium of photography we have attempted to bring to you a few of the more vivid scenes of our trip which we all recall and hold dear.

As each graduate takes her place in the wagon wheel of life and as she thinks back she will find that each one of these special events at Lesley played an important part in the forming of the spokes. OUR final lap of the journey was filled with many interesting events. First, we, who had already started our claim, had to acquaint the incoming miners to life at the campsite. A tea was given to help the new miners to get acquainted with the guides, wagon bosses and settlers. After this affair the miners were initiated into the camp with the usual week of horror, tension and fear.

Sylvia, Lee and Priscilla throw a bit of fear into the new miners' hearts

Getting acquainted

The thought of this new fate left these new miners cold. The old-time settlers made them toe the mark during this treacherous week. Cleanliness was the main feature. With all the dust flying around the camp, the miners had to be extra careful; and in order to be always spick and span, towels, soap, and water were always kept within close range for them to use. Each day on the bulletin board were posted the orders of the day and the stern wagon bosses made sure these rules were kept. However, when all the jesting was over and the new miners had proved their good sportsmanship, they became an integral part of the thriving Lesley camp.

Mary tells the "Christmas Story"

One of the most eventful and memorable occasions at the camp is Christmas. The miners try to bring a little cheer into the hearts of the needy children from the Elizabeth Peabody Settlement House by giving them a Christmas party with a jolly Santa and a gift for all. The campers enjoy Christmas with parties, feasts, carol singing and fun for all.

cessful without the aid of our able guides and wagon bosses. These leaders made the rules by which we, pioneers, lived. Around our "camp government," the core of our group, all activities functioned. A handbook of rules and regulations made out by the capable old timers helped to keep our group of miners living in a democratic set-up.

Our journey would not have been suc-

In order for the miners to "learn by doing," they go out from the camp each day into the neighboring mines to impart and gain some more knowledge concerning their goal. Thus, one more step in the long journey is accomplished. At the close of this work, the goal here at Lesley camp is nearly complete.

"Come on, you know how," says Jean convincingly

Cap and gown ceremony

Discussing the Handbook and the rules of the camp

As the end of the trip came closer, we became aware that our good "ole" camp days were nearly over. We were bestowed with our golden robes which showed that soon our quest would be found. A ceremony, familiar to all campers was performed by which we realized that our journey was almost complete. Our mining caps and gowns distinguished us from the rest. At all meetings of the entire settlement we wore these marks of distinction to show that we were ready to depart from the Leslev camp and to move on to unfamiliar headquarters where a new life awaited us. Although our pot of gold-the treasure for which we had worked so hard - was within close reach, sadness was now creeping into our hearts for we would have to leave this happy, carefree abode.

Our days at the camp would not have been complete if we didn't have any recreation. Entered here in this log are photographs of some of our more enjoyable times.

Time out for a snack

The "camp government" provided dances which enabled us to meet workers from surrounding mines who, like us, were searching for their pot of gold. These dances were full of fun, music, laughter and merriment. We cannot help but think of these nights without a feeling of melancholy.

Hail, hail, the gang's all here!

Sitting this one out

We owe our camp government and its leader many thanks for all the good times it provided for us. We will always cherish in our hearts the memories of these good times and the settlers who provided for us.

To make our camp days even more enjoyable, the miners divided themselves into groups and these groups sponsored formal dances at various times during the year. These affairs were not held at our camp but in hotels in the surrounding mining cities.

Waltz me around again

Throughout the last year these events helped to cheer us on to the final rush. Some of our illustrious guides were always present, so that they, too, could be a part of our memories of the gay side of our Lesley camp and social life.

Dottie. Barbara, and Mary Lou during intermission

We can never forget the dances at the Somerset, the Beaconsfield, and the Lincolnshire. The latter was the senior miners' last dance before they found their pot of gold. Never can we forget whirling around to the music of the famous local orchestras with our favorite beaus. Those wonderful affairs will always become a part of our memories of Lesley camp.

Class Day - near the end of our journey

This is it! Here we are at the final rush. Our pot of gold is now at our very finger tips! We, Senior miners, after having one glorious week of festivities - class day, rose walk, prom and banquet graduate from senior miners into alumnae of the Lesley camp.

We are no longer mere miners in this world of Lesley, but, are miners in the world of adults. We leave from the arms of guidance into an awaiting road of life which leads us onward to our rush in another type of environment.

We have come to the end of our journey at Lesley camp. We have striven for years to attain our goal - the pot of gold. Now, we are on our own. We are no longer miners searching, working, inquiring but settlers of a wide world.

We have found it! - at Lesley. Now we must put our "Eureka" to work in our everyday life. Let's hope we all "strike it rich!"

"And let today embrace the past with remembrance and the future with longing"

.... We have found it!
