Basketball Victories
This season has been one of great improvement for the Varsity and Junior Varsity basketball teams of Lesley College. Of the four games played this season, the Varsity has won two and lost two. Lesley girls lost, by a score of 27 to 21, to Brandeis, and also to Radcliffe by 15 to 13. The Varsity showed their skill when they played Jackson College, the score being 24 to 22 in favor of Lesley. The Varsity also won the game against Suffolk University, with a score of 19 to 18. Playing against Brandeis, the Junior Varsity team won with a score of 30 to 8. The score of the last game played by the Junior Varsity against the Varsity team of Boston Teacher's College, was 17 to 16 in favor of Lesley.

Emerald Key

Members
Six girls from the freshman class and one senior were installed into the Emerald Key Society at a formal assembly on Thursday, March 7. Patricia McLaugh, President of the Society, invested each girl with a constellation sash, and the faculty advisor, Mrs. Ackerson, ended the ceremony by pinning each new member. The LANTERN would like to congratulate the following girls:

SENOR
Kathleen Walsh.
FRESHMAN
Frances Cooperman, Judith Harley, Lois Jenkins, Corrine Monastens, Helen Murphy, and Gail Roberts.

A Story About Mrs. Colwell
For the April issue of American Childhood, Miss Katherine G. Stains has written the story, "Precious Ring," which is dedicated to Mr. Walter Colwell, former housemother of Parker and Mellon Hall at Lesley College.

The story was told in Miss Stains by Mrs. Colwell while she was here at Lesley, and it is based on a real life experience. Mrs. Colwell had when she was a little girl. The two characters in this story are Mrs. Colwell's grandchildren—David and Martha Jean Peterson, who now reside in Texas.

Although most of the students who are at Lesley now do not remember Mrs. Colwell, she was loved by everyone and a favorite of all the girls. As a member of the Lesley family, she will always live in our hearts.

Higher Education Conference
"A Bold New Look at the Not-Too-Distant Future" was the challenging theme of the Twelfth National Conference on Higher Education which I attended. The conference was sponsored by the Association for Higher Education which is a department of our national organization. Outstanding speakers discussed with us various problems when we as educators must consider. We took two decades into the future. Dr. August Heckscher, Director of the Twentieth Century Fund, and President of the Woodrow Wilson Foundation, gave the keynote address entitled, "Coming Changes in American Life." We cannot pause, even if we would, we must not hold back. Men's hopes await us.

As we face the impending day, we must remember that our role is one which we have chosen. We discussed problems of schools and colleges, as well as with broader communities, and the responsibilities which each of us must face in shaping tomorrow's world.

Dr. Rubia Gustavson, President and Executive Director of Resources for the Future, Inc., in the closing address made each member of the audience deeply aware of the grave responsibilities and the high challenges which make this era such a wonderful one in which to live. "...it seems obvious that man now has the possibility of having a world without a slave because nature's forces will carry the burden. He can have a world in which disease of flesh or brain is far less prevalent because of the tremendous advances that are being made in biochemistry and biology. He can have a world in which he can use the new forms of energy to lengthen life. He can have all of these things provided he can match his technological skill and his scientific insights with equal conviction and dedication to the theme that is involved in what the great African missionary, doctor, humanist, philosopher, musician, namely Dr. Albert Schweitzer, has chosen to call a "reverence for life."

New Dormitory Named

Dr. Livingston Stebbins, chairman of Lesley's Board of Trustees, announced the unanimous decision of the trustees to name the college's new, half-million dollar dormitory, now under construction, "Trefonten White Hall. This is to honor President White, who has headed Lesley since 1944.

$5,000 Gift For Travel Corner

President White announced recently a gift of $5,000 from Dr. Livingston Stebbins, chairman of Lesley's Board of Trustees. The gift will be added to the funds of the Edna Stebbins Travel Corner which Dr. Stebbins created with a $30,000 benefaction some time ago as a memorial to his late wife, a world traveler. The Corner, in the college library named for Dr. Stebbins, makes available to the many Lesley undergraduates who travel abroad each year, an opportunity to learn in advance something of the art, music, literature, and other cultural heritages of each of the foreign countries the students plan to visit.

Travel Corner Open To Circulation

A valuable Stebbins has been added in memory of his deceased wife, a Travel Corner in the Livingston Stebbins Library, to aid the students of Lesley college who are interested in traveling abroad or who desire information on foreign countries.

Mrs. Anita Lichtenstein is in charge of this corner and has done an excellent job in setting it up. She is proud to announce that the Travel Corner is now open for circulation and any student that is interested in securing these books may now take them out on a two week period.

The books have been divided into nineteen groups. Five of the groups represent continents; five represent groups of countries; eight stand for separate countries and one—consisting of the most general books—is called "World." Lesley acquired many interesting books, and some of the most outstanding ones are as follows:

- Germany in Color by Karfeld
- Easter in Sicily by Kohly
- The Paris I Love by Molinard
- Austria by Nawrath
- Folk Art in Pictures by Sourek
- The Art of India by Kramlah
- Hungarian Decorative
- Dutch Paintings by Leymarie

Newman Club Retreat

Twenty-three girls belonging to the Newman Club of Lesley College, including three alumnae, accompanied by Dr. Macksey and Miss Welsh, spent the week-end of March 13-15 in retreat at the Miramar Retreat House in Duxbury, Massachusetts. The girls derived much spiritual enlightenment from the experience, and in their leisure moments, enjoyed to the utmost the wonderful scenery and outdoor exercises.

Committee Chairmen Announced

THE LANTERN is proud to announce the new Student Government of Lesley College.

PRESIDENT, Maurine Green
VICE-PRESIDENT, Audrey Nelson
SECRETARY, Joan Petraglia
TREASURER, Ann Cleveland
PUBLICITY CHAIRMAN, Georgia Louden

The following Committee chairmen have been announced by the Executive Council:

Social Chairman, Helen Gish.
Travel Chairman, Ronald Gish.
Buildings and Grounds Chairman, Darrel Fahey.

Committees under each of these chairmen are yet to be formed. The Council urges all students interested in working for their government to contact the chairmen in charge. WE NEED YOU. It will be your help that will give your Student Government Association the unity, spirit, and forward look that we wish to attain!
What makes us remember some of our teachers, and completely forget others? Is it a magnetic personality, a vivacious manner or could it be an attractive, pleasing appearance?

I often recall a certain teacher I had, and just a few days ago a student in my classroom made a comment that instantly brought her back to mind. She had just come into the classroom and was taking off her hat and coat when Johnny, a rambunctious little six-year-old, blurted out, "You look different than you did yesterday. What do you do to yourself?" It is happened, the night before I had set half an hour a day, but I served her that the children would notice if our pupils notice, our teachers don't.

Leesley's faculty and administrators already appreciate this necessity and have worked hard to achieve the reality of this idea. Yet it's up to us to realize what they're striving for and why.

We've heard often that much of college life isn't "book knowledge". We also gain a full integrated picture of ourselves and our fitness for the pattern of society in which we give and receive. It is therefore to Leesley, growing by leaps and bounds last year, that we can leave a part of ourselves, thus adding to Leesley's prestige, as other efforts have helped her physical development.

Let's help strengthen Leesley's cultural life by supporting the new and old organization formed to achieve this essential role of colleges living. Leesley's new buildings can be enriched only if we walk in and out of their portals leaving something beyond "book knowledge".

The Search For Meaning

Modern man is losing his "ever fixed mark" or his center of reference. It is a process which began in the Victorian Era and has gathered momentum, a momentum similar to a snowball gathering snow on a steep decline. Scarcely anything that has been left untouched. Perhaps it can be epitomized by the cacophony of Rock and Roll and the requisite squawks and moans. We are not only willing to call noise music but we insist that meaningless color blobs are art and gibberish is literature.

"Neither brain nor faculty, a hair removed from the coarser elements of life, looks with benign visage on what he considers to be the seduce life. Rather contemptuously points out how attenuated is our modern music, how it is stimulating rather vicious elements in his nature. He does not realize that he looks at a work of Abstract Expressionism and labels its ugliness...the most meaningful expression of the hoary hunters of the human spirit".

The Residence Birthday Dinner, the prestige, as other efforts have added to what they're striving for and why. The Residence Birthday Dinner, the prestige, as other efforts have found ourselves.

We've heard often that much of college life is new for modern man to find meaning. He has lost the desire to help each other, a poem is still in form, proportion and color, but much that we have rejected because he feels he must maintain his, as a work of Abstract Expressionism and labels his ugliness...the most meaningful expression of the hoary hunters of the human spirit".

The Student Government scholarship please write a letter stating your reason and some information about yourself. The Residence Birthday Dinner, the prestige, as other efforts have added to what they're striving for and why. The Residence Birthday Dinner, the prestige, as other efforts have found ourselves.

For every student here at Leesley-Ellis that I began to love third grade teacher. She was a girl with blond hair and smelled heavenly all the time. She would always wear bright colors to school and can recall so vividly a red dress she wore with lace trimmings around the collar and cuffs. I don't remember how much she knew about teaching methods or the quirks of the students, but I do know that it was in the third grade that I began to love school and to want to learn.

"A teacher's life is a busy life, for she is a classroom of children she is responsible for. Every student here at Leesley will be out student teaching three semesters during her college career, and she, with the then realizing how difficult teachers often, that "I'm high on my friends in the first hand, so that you're helping these children form sounds and attitudes and habits—and "good grooming" should be a must on your list.

You Can Help Leesley Grow

Leesley is growing in prestige and physical size at a tremendous pace. We have ample proof of its physical growth as we go from class to dining room. It is impossible to miss that large crevice already shaping into Leesley's very first, but certainly not her last, that we building: Trentm mile White Hall.

But there is much more than mere modern buildings that make a healthy and vigorous college campus. A mature and cultured student body is important in a true college atmosphere.

Leesley's faculty and administrators already appreciate this necessity and have worked hard to achieve the reality of this idea. Yet it's up to us to realize what they're striving for and why.

We've heard often that much of college life isn't "book knowledge". We also gain a full integrated picture of ourselves and our fitness for the pattern of society in which we give and receive. It is therefore to Leesley, growing by leaps and bounds last year, that we can leave a part of ourselves, thus adding to Leesley's prestige, as other efforts have helped her physical development.

Let's help strengthen Leesley's cultural life by supporting the new and old organization formed to achieve this essential role of colleges living. Leesley's new buildings can be enriched only if we walk in and out of their portals leaving something beyond "book knowledge".

The Dean Discusses Absences

Because of its professional implications, the matter of excessive absence from classes is of deep concern to all of us. Of course, serious illness and death in the family are legitimate reasons for absence. Superintendents examining the record of a prospective teacher will question the matter of absences as an indication of eligibility for employment.

Each of the members of the Leesley faculty is carrying a large load and should not be imposed upon by being requested to spend extra time helping students to make up work done in classes which they should have been assigned. No subsequent experience is equal to that gained in the regular classroom situation; the notes of fellows students can never reproduce that experience adequately.

Young women who expect to be members of the teaching profession must spend extra time helping students to make up work done in classes which they should have been assigned. No subsequent experience is equal to that gained in the regular classroom situation; the notes of fellows students can never reproduce that experience adequately.

A Message From The S.G.C. Store

Hi!

Just a short message of greeting and an invitation to visit us at the Student Government Store in the Commuter's Lounge (for the benefit of you who have forgotten all the things you need). We are open from 12:00 to 1:00 every day with lots of new, exciting things to show you. If you have seen one wandering around campus with two pins crossed over your heart, perhaps you have wondered if I were fickle and couldn't make a choice between two things, so I.d clarify this thought in your mind, may I say this wearing of two pins is just my way of showing you to our brand new college pins. The wearing of a college pin is one of the newest rage sweeping the campus. If you are pinned already, wearing your fraternity pin and Lesley College pin crossed is an attractive way of showing your loyalty to both your boyfriend and your school; if you are not pinned, our college pin adds a smart touch of jewelry to any outfit. It does not, contrary to the opinion of some, have to be worn over your heart, but can be worn as a collar pin, as a "V" neck pin, as a coat pin and as a hat pin! You can even wear it as a hair ornament if you like. Before you judge our college pin, come down and look at it. It's so attractive!

We also have lovely new Lesley charms which can be worn on charm bracelets, on a chain around your neck or on your wrist as watch ornaments, and we have more silver rings in every size imaginable. New animals deck the top shelf for a supply of all the necessities for your room; banners, decals, book covers and the like. In the new addition department we have contemporary cards for every occasion made by our talented Sandi Boy. Why we even have a "pinning card".

Please come down and see Sheila Brickman and me. We are here to serve and please you and, in all sincerity, you certainly will be pleased when you see our new lines of merchandise. Come and pay us a visit! Pondly.

Shelia, manager of S. G. A. Store
p.s. Don't forget our tuna sandwiches and "Whoopie pies!"

EVENTS TO SEE ON THE ROCKS.

Hasty Pudding of Harvard University is now presenting a musical parody, which will continue through Saturday, February 1, and Sunday, February 2. Tickets are on sale at the Hasty Pudding Club House.

THE DOCTOR'S DILEMMA

The Harvard Dramatic Club is now presenting George Bernard Shaw's comedy, The Doctor's Dilemma, as its 1957 production. It is at the Peabody Playhouse through Tuesday, March 27.

DAMN YANKIES

At the Shubert Theatre for a return engagement starting March 26, for two weeks. Matinees will be given Wednesday and Saturday.

BALLET EUSE ME DE MONTE CARLO

At the Boston Opera House for a one-week engagement, starting Monday, April 2 and continuing through Saturday, April 6, with a single matinee on April 6.

THE FIRST GENTLEMAN

At the Plymouth Theatre on April 8. The play concerns itself with the affairs, family and otherwise, of the Prince Regent who became George IV of England. Walter Jeffries stars as a world-famous guitarist has just returned from a tour of Europe, during which he played seventy times in eleven countries.

HARVARD BAND CONCERT

At the Symphony Hall on March 29. The Harvard University Band will give its 50th annual concert. The program will range from marches to a Tschaikovsky symphony. The concert will honor the memory of the late Malcolm H. Holmes, who originally conceived this benefit concert.

METROPOLITAN OPERA COMPANY

At the Boston Opera House, starting Monday, April 8 and continuing through Sunday, April 14, the Metropolitan Opera Company will present its annual performances.

CHRYSTIE COLLECTION

Paintings from the collection of Walter C. Yorke, Jr., are now being shown at the Museum of Fine Arts. This exhibit includes a group of 100 paintings by masters of the 16th to the 20th centuries. This exhibit has been shown in eight major cities across the country, and the Museum of Fine Arts is the first stop in the East for this presentation.

Hillel Keeps Active

Hillel Club, which has eighty members and is a part of the Harvard and Cambridge area, is caused by the Hebrew Institute-Hillel Kalle. Meetings are held every other week. The guest speakers at recent meetings included a gentleman from Uruguay who spoke on Judaism in that country, and a Rabbi who spoke on the Jewish High holiday.

A Leszy-Hiel Sabbath Evening will take place on Friday, March 22. On April 16 a faculty will be held in the Livingstone Stebbins Library. Hillel members are now talking about the new officers for elections will be held on March 22.

Newman Club Briefs

The Newman Club will hear Father John McCarthy of Boston College speak on "Catholic Philosophy" on March 28. A communion breakfast will be held at the Hotel Continental on May 12. Patricia McCue is chairman of this event.

Student Christian Has Interesting Plans

The Reverend Leonard G. Clough, Assistant Minister, Church of the United States to the Student Christian Association on March 14.

On March 23 a joint meeting with Ziegler, Pastor of the Methodist Church in Milton, Massachusetts, who will speak on the topic of the Protestant faith. An open discussion will be held beforehand.

Totticklers

After talking a three-year-old group song about saving joy in your heart, the teacher asked what joy was. Max promptly replied: "It's stuff you wash the dishes with."

A grown-up told a five-year-old boy that his dog Duke was smart because he was a collie. Sometime later, he heard the boy explaining to his playmate that Duke was smart because he was a "college dog."

"You know, you please make a cherry pie?" asked Carol.

"I don't have any cherries on hand, but I'll make a butterscotch pie," she answered.

Caro gazed at the articles her mother laid on the table and said, "I don't think you have any scotch on hand, either."

Chuckles from the Small FRY

The teacher asked the children who knew where Rhode Island was. One little boy said he knew the answer and told about the block map, where you study the correct state in its place. He continued, "When I was licking Rhode Island to paste it on, I swallowed it and now I know where Rhode Island is."

A little boy asked his teacher if she were a lady. Believing she was, she answered, "yes."

Then he asked her if she were married. When this answer was negative, he quickly informed her, "Then you're not a lady."

A little third grader refused to look at the flag when saluting it, and always chose to sit on a part of the table when in the classroom. He then asked about the flag and Mrs. Duke was smart because he was a "college dog."

The teacher assured the children that God saw and heard everything they did.

The Elf Returns

It happened at the class of class when by the path a shoe I passed. A shoe is in the grass. A little third grader refused to look at the flag when saluting it, and always chose to sit on a part of the table when in the classroom. He then asked about the flag and Mrs. Duke was smart because he was a "college dog."

The teacher assured the children that God saw and heard everything they did. One boy wanted to confirm it by telling the class that he was in the bathroom. When asked how he knew that this was true, the answer was,

"Every morning when my mommmy is in the bathroom and I sit on the edge of the sink, she sheet down, towel and soap on it, she looks at me and says, "Good morning," and then she says, "Thank you, God, are you still in there?"
